Panasonic CONNECT

PTZ VIRTUAL USB DRIVER

Virtual USB

Panasonic's Pro PTZ and 4K Professional Camcorders are already class leading high quality cameras with powerful in-built streaming functions. With the addition of our free to download 'Virtual USB app', you can effectively turn any of these cameras into high quality ‘webcams’. Great for graduations, ‘sideline’ interviews and ad-hoc contributor camera applications.

Key Features

- Compatible with Panasonic Pro PTZ and network connected CX series Professional Camcorders
- Register up to 5 cameras
- Automatic camera discovery and network setting
