- Embedded audio is not supported.
 STP (Shielded Twisted Pair) is recommended.
- 4. To ensure safety, the unit must be secured using the mount bracket supplied.
- 5. The main unit may appear in the video depending on the pan/tilt position.
- Supported OS indicated are for browsers current as of September 2021.
 SeeService and Support / PASS" for the latest information on browser support.
 JPEG and H.264, H.265 simultaneous operation is possible.
