Panasonic CONNECT

The Software Control Panel enables a networked PC*or tablet* connected to the AV-HSW10 main unit to be used for diverse operations and configurations.

AV-SF10G

The Software Control Panel enables a networked PC*or tablet* connected to the AV-HSW10 main unit to be used for diverse operations and configurations. Both inputs and outputs can be easily confirmed on the Multiviewer screen for intuitive operation. Combination of the AV-HSW10 with a PC or tablet loaded with the Software Control Panel enables workload sharing and remote operation on location. Intuitive operation minimizes setup time for certain configurations, increasing the efficiency of video recording, production and single-operator transmission. *Windows 10/11 or MacOS Monterey/Ventura/Sonoma.

Key Features

- Easy-to-use Software Control Panel for all AV-HSW10 functions.
- GUI screen integrates Panasonic's unique Multiviewer and control panel.
- Keyboard, numeric keypad and touch screen for highly efficient operation.
- Intuitive Touch Screen and Remote Operation via Wi-Fi.
